Message

The Annual Report for the session 2025–26 is not merely a chronicle of events at Maharaja Agrasen College; it is a celebration of determination, collective spirit, and the pursuit of excellence that defines this institution. Over the past year, the College community—students, faculty, and staff—has worked with dedication and purpose, transforming challenges into opportunities and aspirations into meaningful achievements.

At Maharaja Agrasen College, education is envisioned as a transformative journey—one that empowers individuals, nurtures curiosity, and inspires responsible citizenship. Guided by this philosophy, the College continues to foster an inclusive and dynamic learning environment rooted in sustainability, innovation, and holistic development. The academic landscape of the College has remained vibrant and forward-looking. Faculty members have actively engaged in enriching collaborations, including programmes with institutions such as NIEPA, Delhi, contributing to a culture of continuous learning and academic excellence. Students, in turn, have benefited from a wide spectrum of seminars, conferences, and interactive platforms that encourage dialogue, critical inquiry, and interdisciplinary exploration. The introduction and continued development of 'Sahastradhara' stands as a symbol of the College's commitment to reimagining learning spaces—reflecting the belief that education must not only inform, but also inspire.

Equally inspiring is the College's engagement with society at large. Through the dedicated efforts of the NSS Cell, G-One Environment Cell, and NCC Girls Cadet Wing, students have stepped beyond academic pursuits to embrace social responsibility, environmental stewardship, and leadership. These experiences shape individuals who are not only academically proficient but also deeply conscious of their role in building a better world. Through various co-curricular platforms, students celebrate the diversity of artistic expression and cultural heritage, finding their voices and showcasing their talents. These moments of creativity and expression bring life to the campus and strengthen the sense of community.

On behalf of the Governing Body, I extend my heartfelt appreciation to the Principal, faculty, non-teaching staff, and students whose unwavering commitment and passion have made this year truly remarkable. Their collective efforts have ensured that Maharaja Agrasen College continues to shine as a centre of excellence within and beyond the University of Delhi. With a shared vision, resilience, and an enduring spirit of untiring endeavour, the Maharaja Agrasen College is meant to achieve greater heights. I conclude my message with the following poem.

Looking back
On the time track
The tasks done
And the dreams spun

As the achievements we count
And close the annual account
On the past we reflect
But with future we must also connect

The year bygone
Also points to the canvas undrawn
May this reflection on the yore
Only make our forthcoming action galore

Message

It gives me immense pleasure to present the Annual Report for the academic session 2025-26, a year that reflects Maharaja Agrasen College's continued commitment to academic excellence, innovation, and holistic development. As an institution accredited with an 'A' Grade by NAAC, we remain focused on maintaining high standards in higher education while ensuring that our students grow not only as professionals but also as responsible members of society.

One of the most significant highlights of this year has been the strengthening of our institutional infrastructure. The inauguration of new facilities such as the Multimedia Seminar Hall, Smart Classrooms, the Centre for Indian Knowledge Tradition, and an RFID-enabled library system was carried out in the esteemed presence of Shri Ashish Sood, Hon'ble Minister for Education, Government of Delhi, and Prof. Balaram Pani, Dean of Colleges, University of Delhi. Their presence on this occasion added meaning to an important milestone in the college's journey. At the same time, the foundation of the Student Facilitation Centre, reflects our ongoing effort to improve the everyday academic experience of our students in practical ways.

Academically, the college has continued to evolve in line with the National Education Policy 2020. Our curriculum is now more dynamic than ever, featuring specialized workshops on AI and Prompt Engineering, Data Visualization, and Digital Forensics. This year, the college also hosted the 3rd International Conference on reimagining commerce through STEM and AI, and a National Conference focused on "Media, Democracy and Development," preparing our students for the challenges of "Viksit Bharat 2047."

Campus life, however, is never limited to academics alone. The energy of our students was visible in cultural platforms like Yuvaan 2026, which saw enthusiastic participation from across the University of Delhi. On the field, our athletes brought home laurels, with our football and kabaddi teams securing top positions in various inter-college tournaments. At the same time, initiatives led by NCC, NSS, and programmes like Akshar continue to build a sense of responsibility and social engagement among students.

Equally important has been our commitment to sustainability and inclusivity. The continued recognition of the college as a Zero Waste Campus, supported by the work of the Environmental Cell and initiatives like Sahastradhara, reflects a shared awareness towards ecological responsibility. Efforts of the Equal Opportunity Cell, including programmes such as UDAAN, which was the first-of-its-kind talent hunt for PwBD students at the university, and the work of the Women Development Cell have ensured that the campus remains inclusive and supportive for all.

I extend my heartfelt gratitude to the Governing Body, our dedicated faculty, the administrative staff, and, most importantly, our brilliant students for making this a landmark year. Together, we continue to fulfill the vision of our institution: "Karm Manav: Pratipadyate"—striving for the perfection of the human spirit through action.
